

ASUS Chromebox for meetings

Smooth Full HD video conferencing

The powerful ASUS Chromebox for meetings makes it the perfect solution for businesses, schools or the public sector. ASUS Chromebox for meetings melds the usability of Google+ Hangouts and the collaborative power of Google Apps for highly productive high-definition video conferencing. Google's user-centric approach simplifies things so you can set up meetings in minutes.

Chromebox

HD Camera

Microphone/Speaker

Remote Control

-Productive video conference: easily share slides, documents and spreadsheets with other participants during your video call.

-Easy to manage: plug in display, complete the setup wizard, and you're done. Always up to date with the latest features and security fixes. 24/7 support included.

-Bigger meeting scope: to ensure all attendees can express themselves clearly and be heard easily, two speakers with built-in microphones, and extra cables are included in the bundled kit.

*Accessories vary by package. For details of available packages, please refer to the Specifications page.
